You should protect your investment in time and fabric by making sample blocks before cutting into your fabric because Exclusively Quilters will take no responsibility for replacing fabrics.

Shops who wish to kit this design are responsible for figuring yardage for their kits if they wish to reduce yardages.

## Quilt Center:

1. Trim the pillow panel to 18" square.
2. Stitch a 1-3/4" x 18" brown deer strip to right and left sides of the pillow panel. Add the 1-3/4" x 20-1/2" brown deer strips to the top and bottom of the panel.

## Pieced Border:

1. Use the 5-7/8" half-square triangle units as shown:

Make 8  
cream/green

Make 8  
foliage/bark

Make 8  
foliage/bark

Make 12  
br.leaf/dk.gr.

Make 8  
green/br.deer

Make 4  
gr.leaf/black

2. Using triangle sets, piece four corner units.

3. Make two of each side unit as shown.

4. Using the quilt diagram as reference, and keeping the bark fabric directional (running vertically), add the side borders.

5. Sew the corner units to the remaining units then add these to the top and bottom of quilt.

## Finishing:

1. Layer the backing, batting and quilt top. Quilt or tie as desired.

2. Prepare binding from four 2-1/2" x 44" strips of black swirl. Sew strips together into one long binding strip. Press strip in half lengthwise.

3. Carefully trim backing and batting even with quilt top.

4. Leaving an 8" tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12" from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding together right sides together. Trim seam to 1/4" and press open. Finish sewing tape to quilt.

5. Turn binding to back of quilt and blind stitch in place.
