An added 1/8 to 1/2 yard is added to all yardages to account for shrinkage, straightening, cutting errors and prints that may require special cutting to get the best results.

You should protect your investment in time and fabric by making sample blocks before cutting into your fabric because Exclusively Quilters will take no responsibility for replacing fabrics.

Shops who wish to kit this design are responsible for figuring yardage for their kits if they wish to reduce yardages.

Cutting Directions: All measurements based on a 1/4" seam allowance.

From the **black paw print** fabric:

Cut four 2-1/2" x 44" strips for binding

Cut four 1-1/2" x 44" strips for border

From the **brown paw print** fabric:

Cut four 2" x 44" strips for border

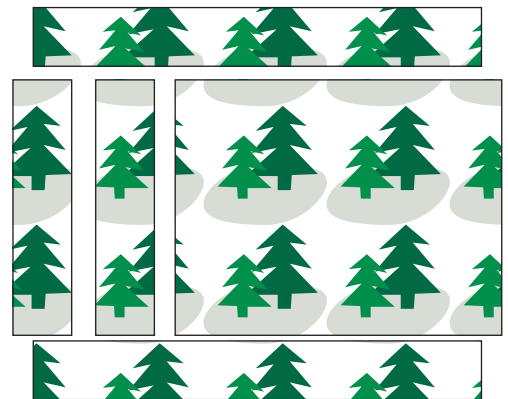

NOTE: When cutting the forest scenic, look at your entire piece of fabric and figure the best way to cut it to get the results you want. The cutting graphic is just one way you can cut the fabric - depending on where the print falls.

From the **forest scenic** fabric referring to the graphic:

Cut one 7" x 44" strip for top border
then

Cut one 27" x 44" strip recut into two 7" x 27" strips cut lengthwise, parallel to selvage
then

Cut one 7" x 44" strip for bottom border

Quilt Center:

1. Trim the large wolf pillow panel to 20-1/2" x 21-1/2" - some black will be in the 1/4" seam allowance of the panel.
2. Stitch a 2" x 44" brown strip to right and left sides of the pillow panel. Press and trim excess from these and all successive border additions. Add remaining 2" x 44" brown strips to the top and bottom of the panel.
3. Sew the 7" x 27" forest scenic strips to the right and left sides, press and trim. This border is directional, so all the trees should face upright in the borders. Add the 7" x 44" forest scenic strips to the top and bottom of the quilt, press and trim excess.
4. Add a 1-1/2" black border in the same manner as the first border.

Finishing:

1. Prepare binding from four 2-1/2" x 44" strips of black paw print. Sew strips together into one long binding strip. Press strip in half lengthwise.
2. Carefully trim backing and batting even with quilt top.
3. Leaving an 8" tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12" from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding together right sides together. Trim seam to 1/4" and press open. Finish sewing tape to quilt.
4. Turn binding to back of quilt and blind stitch in place.
